Caption:	This hasn't happened in a very long time. My brothers and our parents on the same holiday - all together for our Mum (who's had a pretty rough time with the passing of my Nanna) We may be in our late 30's/early 40's but it's evident that we're still not too old for a telling off 😊😊 (my Dad & husband included) for inappropriate language/slovenly habits/not speaking 'properly'....you name it 😊 Family eh, 'you can't choose em' as the old saying goes, but if I could, I'd still definitely choose this lot. Happy birthday Mama love your 'kidlets'. #mums70th #stilltreatedlikeakid #family #kefalonina #wehaventkilledeachotheryet

Caption:	New TV show announcement Meet the team 😊 three of the best business & finance brains I've had the pleasure to be privy to @emmanuelasuquone @thewealthchef @biancamilleroofficial (and there's moi). So this new @channel4 telly show I've been getting stuck into is all about money and the emotional consequences - two things that are massively intertwined - we really hope that we help open peoples eyes to the realities, challenges, and most importantly, solutions when it comes to mixing finances, emotions & relationships. On the telly @channel4 in November. #comingssoon #moneyshowwithadifference #channel4

Caption:	<p>***"Let's Play Lego in Scotland Mummy"*** My boy is my Achilles heel it's never easy being away from him. Ever. I don't subscribe to 'parent guilt' as it's quite often a very unhelpful emotional state, but the main reason why is that I do my best to do what I can to be present - even when I'm miles away. I'm a big fan of age appropriate truth and fact...giving Enzo some waffle about me being in 'grown up land' or 'round the corner' or something bleugh only opens up potential confusion and trust issues. So I'm honest...'Mummy is away for work in a place called Scotland, earning some pennies to make sure, with Daddy, we can buy food and nice things'. I don't know just how much of it he understands but he certainly seems to contentedly accept what we tell him. He feels included. He's also now apparently pointing out Scotland on the telly weather maps with his Dad 😊 I also make a point of FaceTiming every day, at the same times of first thing & bedtime (come what may!) to keep some sort routine and effective communication going. He is ALWAYS priority. We have got into a cute habit this week of 'playing lego' first thing every morning via FaceTime and having a good chat about everything and nothing. Now of COURSE this doesn't even remotely compare to being there IRL, but when work and being away happens, I believe it's about making the circumstances as best as can be for all the family. Who knows if I'm getting right ♀ but whatever works for each family, right? 😊 a supportive husband who picks up the baton when it's my turn to work is the golden ingredient Roll on Friday when he's gonna get smooched within an inch of his life 😊 #workingparent #workingaway #family #loveworklovethefamily #worklifefamilybalance</p>
